

90-Day Free Pilot Agreement

Quantum Behavioural Market Sentiment Engine

Non-binding evaluation engagement | April 2026

1. Parties

Provider	FinanSee / Quantum Behavioural Market Sentiment Engine team ("the Provider") info@finansee.eu
Pilot User	[Firm Name / Contact Name] ("the Pilot User")

2. Scope of Access

- Full access to the live dashboard at quantumsentiment.finansee.eu (Main Dashboard tab + Live Validation & Track Record tab)
- REST API access: /stress/current, /path7/current, /news/live/latest, /stagec/daily/latest (100 req/min limit)
- Daily stress score email digest at 17:00 ET on each trading day
- One 30-minute onboarding call with the product team
- Weekly 30-minute feedback call (Fridays)
- Access to all downloadable CSV reports from the Live Validation tab
- Pilot duration: 90 calendar days from access activation date

3. Cost

Zero cost to the Pilot User. No payment, subscription, or credit card is required during the pilot period. Continued access after Day 90 is available under paid tiers: Adviser €99/month, Professional €499/month, Institutional from €8,000/year.

4. Data & Privacy

- The Provider collects anonymised usage analytics only: login frequency, dashboard panel views, API call counts, and feature requests submitted via the feedback form.
- No proprietary client data, portfolio holdings, or end-client personal information is collected or required by the Provider.
- The Provider processes no personal data beyond the Pilot User's email address (used for digest delivery and authentication via Google IAP).
- Usage data is used solely for product improvement. Pilot firm identity will not be disclosed in any public communication without written consent.
- Data infrastructure is hosted on Google Cloud Platform (europe-southwest1 / Madrid). All data at rest and in transit is encrypted.

5. Pilot User Obligations

- Complete the weekly 3-question feedback form (approx. 2 minutes per week). Target: ≥70% weekly completion rate.
- Participate in at least two scheduled feedback calls during the pilot period.
- Provide an honest evaluation of the product's usefulness for their investment process.
- Not redistribute, resell, or share API keys or dashboard credentials outside the firm.

6. Intellectual Property

All algorithms (TQNN, PATH1, PATH7, QUBO formulation), models, data pipelines, and visualisations remain the exclusive intellectual property of the Provider. This agreement grants a limited, non-transferable, non-exclusive licence to access and evaluate the platform for internal use during the pilot period only.

7. Termination & Post-Pilot

Either party may terminate at any time with no notice and no obligation. Dashboard access is deactivated within 1 business day of a termination request. At Day 90, access lapses automatically unless the Pilot User elects a paid subscription tier.

8. Limitation of Liability

The platform is provided for informational and research purposes only. It does not constitute investment advice. The Provider makes no warranty that stress scores or hedge signals will predict future market events. The Pilot User agrees to use platform outputs as one input among many. The Provider's total liability under this agreement is zero, as no fees are paid.
